## Results & List with Copy Conf Alert

- If user chooses to click on the Copy List option below their shopping list, this alert will appear
- They may now paste where desired

The screenshot shows the Gmail web interface. On the left, the sidebar displays the inbox with one message from 'Laura Spencer'. The main area shows a 'New Message' window with fields for 'To', 'From', 'Cc', 'Bcc', and 'Subject'. Below the message body, there are standard email toolbar buttons for 'Send', 'Compose', and other options.

## List Email Option

- If user chooses to click on the Email List option, their default email program will open with the list and a message populating the body of the email
- Editing is possible here
- User must enter the "to" address and hit send.
